

# MOISTURE TESTING

## OF CONCRETE FLOOR SLABS

PRESENTED BY  
**HOWARD  
KANARE**

Nationally recognized expert in the analysis and characterization of concrete moisture issues.

A 55-MINUTE EDUCATIONAL WEBINAR | BY INVITATION ONLY

Wagner Meters is proud to offer the updated webinar, “Moisture Testing of Concrete Floor Slabs.” Presented by Howard Kanare, a leading expert in concrete moisture issues. Kanare provides breakthrough scientific information that seriously challenges what we have believed regarding traditional methods for measuring moisture in concrete slabs.

**WHEN:** For times and dates of upcoming webinars, visit [wagnermeters.com/rhwebinar](http://wagnermeters.com/rhwebinar) or email us at [rapidrh@wagnermeters.com](mailto:rapidrh@wagnermeters.com) or call world wide toll-free (844) 755-3363.

**REGISTRATION:** This webinar is available by invitation only and online seating is limited. Please contact Wagner Meters today to reserve your seat for this ground-breaking presentation.
